

MTJDC

AGGREGATED PREA DATA
(January 1, 2022 through December 31, 2022)

During each quarterly Performance and Quality Improvement (PQI) Committee meeting, the Committee reviews the Staffing Plan, discussing progress, status and any incidents or problems related to the staffing plan. In all of the reviews, the committee determined our facility to be in compliance with no issues needing corrective action. On 1/9/23, the PREA Coordinator and the PREA Compliance Manager completed the annual Staffing Plan Assessment. All areas were found to be in compliance. On 1/26/23, we had our Quarterly Review of the Staffing Plan, during our most recent PQI meeting (that PQI meeting summarized the 4th quarter of 2022). The committee noted full compliance with the staffing plan at that time as well. We will continue to review our staffing plan every quarter at these meetings. Our next PQI Meeting will be scheduled in April, and it will cover the first quarter of 2023.

From January 1, 2022, through December 31, 2022, we had no PREA incidents to report.
